

# GIMME YOUR LOVE

1)

I wish it did not happen,  
Can't keep in mind without.  
I heard a whisper in the crowd.  
I did not know  
Was it you or was it me.  
That smile in your eyes, I tell you  
Made me see.

2)

Wish to be close to you  
Touch your skin, your soul.  
One thing I know.  
Must be love  
Unreal or real.  
That smile in your eyes, I tell you  
Made me feel.

Gimme your love – love - love

For sure you will say that there is no way  
To merge our souls to one  
You may be right but side by side  
We'll still sing our song
