

HOT SUMMERNIGHTS

I think you know that feeling
When you're not satisfied
We wanted to be in a position
To start to make it right.
An idea, a sudden decision
And we turned to east.

Hot summer nights we went through
At lake B. shoreline
We had the reputation we'd been greedy of
Makes men feeling fine
Rock 'n' roll on stage and so
Big boys and toys.

Hot summernights – hot summernights

**Experience and wisdom
Can't prevent disillusion
Take care of you
No one needs confusion**
